

100% commitment to deliver

Computer-generated view of Phase 1, with new park and final phases

We are passionate about the future well-being of our tenants and the prosperity of the wider North Kensington area.

This regeneration will create a stunning place to live, work and visit.

It will address the chronic overcrowding on the Estate and will integrate the new residential, retail, businesses and community uses seamlessly into the newly created network of streets.

KHT is part of the Catalyst Housing Group. The full resources of the group are behind this vital regeneration. It is financially viable and deliverable and we have the experience, drive, expertise and commitment to bring it to fruition.
